	FINAL OPINION	
	The article is well constructed, falls within the scope of the journal and has consistent	
	literature review and contextualization. There are minor changes to be made, just regarding	
	the form of citation of the journal. In addition, the text has quality.	

^{[1] &}quot;Originality does not mean novelty. Originality refers to the return to the origins, thus making explicit an original clarification to the subject, hitherto not perceived" (SEVERINO, 2002, p. 148).
[2] A theme is relevant when it comes to "a significant statement, especially if it is important for the overall meaning of the context in which it is found" (ABBAGNANO, 2012, p. 997).
