**Editor Adjunto Executivo:** Prof. Dr. José Anderson Santos Cruz

The opening paragraphs in the introduction are too fragmented, which makes the reading not very fluid. In the Introduction, in the last paragraphs, the methodology begins to be detailed. However, it is appropriate to leave the last paragraph in the topic referring to methodological procedures. In addition, the article deals with a topic of relevance, does so with an appropriate approach and enjoys quality for publication, after the requested changes. Consider the article APPROVED with MANDATORY CHANGES.
